

TECHNOLOGY RONIN

SIMPLIFYING TECH, EMPOWERING YOU.

Technology Solutions & Support

Where expertise and simplicity converge.

Support and Maintenance

Keeping your devices, apps, and cloud services up and running so that you can keep working.

Data Integration with EHR

Designing and implementing efficient solutions that connect Electronic Health Record (EHR) systems with other applications

Covering Compliance

Decades of experience in HIPAA and PII (Personally Identifiable Information) security across hundreds of countries.

Security in Focus

Built on zero-trust principles, protecting your sensitive patient information, communications, identities, and devices.

SIMPLIFY YOUR TECH

I specialize in streamlining technology, making it user-friendly, scalable, and accessible for seamless integration, while providing expert guidance and innovative solutions for your unique challenges.

UNLOCK EFFICIENCY

Boost productivity and efficiency through solutions tailored to your business, cutting-edge technologies and cloud services, and expert support, empowering you to achieve more with less complexity.

GET COMPLIANT

Conduct compliance audits, implement security measures to meet HIPAA requirements, and provide guidance on data handling practices to ensure regulatory compliance.

FORTIFY YOUR BUSINESS

Develop and implement robust backup and disaster recovery plans, including regular data backups, offsite storage solutions, and rapid recovery protocols to minimize downtime and data loss risks.

FROM COMPLEX TO CLEAR: YOUR TECHNOLOGY TRANSFORMATION
